

1. 登录VCG网站 <https://www.vmware.com/resources/compatibility/search.php?deviceCategory=io>
搜索框输入 Wangxun , 选择设备

The screenshot shows the VMware Compatibility Guide search results for 'Wangxun'. The page header includes the VMware logo and navigation links. The search bar shows 'Wangxun' and 'All Listings'. The results list 15 items, with the first four being 'Beijing Wangxun Technology Co., Ltd. : WX1860A2', 'WX1860A4', 'WX1860A4S', and 'WX1860AL2'. A sidebar on the right lists various VMware products like CIM Providers, Guest OS, IO Devices, etc.

2. 点击 <https://knowledge.broadcom.com/external/article?articleId=366755>

The screenshot shows the Broadcom Knowledge Base article for the Wangxun network device driver. The article title is 'Model Details'. The device information is as follows:

Model	Device Type	Brand Name	Number of Ports	VID	DID	SVID	SSID
WX1860A2	Network	Beijing Wangxun Technology Co.,Ltd.	2	8088	0101	0000	0000

Notes: Firmware versions listed are the minimum supported versions. Refer to <http://kb.vmware.com/kb/2030818> for additional information on other supported driver and firmware combinations

3. 点击 <https://support.broadcom.com/web/ecx>

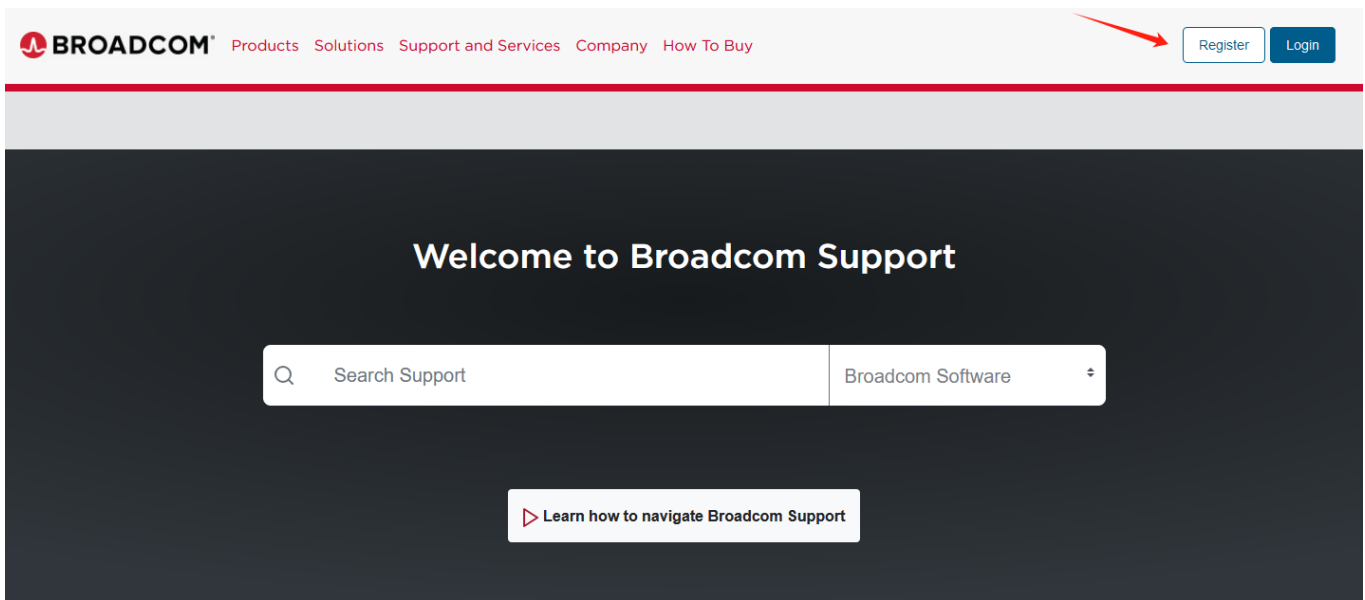

Resolution

1. Locate your device and a corresponding driver on the VMware Compatibility Guide (VCG).
2. To the left of the ESXi version, click on plus (+) to reveal the footnote. The footnote will contain the component version and instruct you to copy it, and then to click the link to this KB article.
3. Go to the Broadcom Support web page <https://support.broadcom.com/web/ecx>

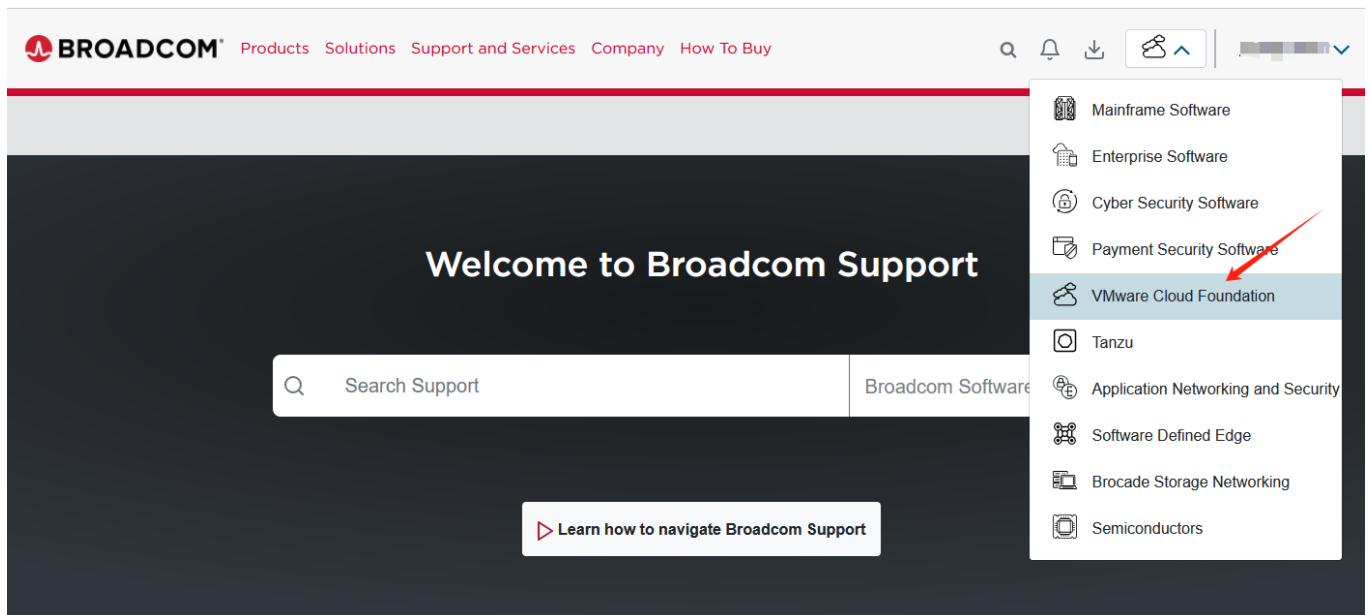

Note: If you are not already registered, please register.

4. Use the dropdown next to Username and find "VMware Cloud Foundation".
5. On the left hand side menu, click My Downloads.
6. In the search bar on the upper right side of the page, enter "VMware vSphere".
7. Click on "VMware vSphere"
8. Choose the user entitlement for VMware vSphere, e.g. click on "VMware vSphere – Enterprise".
9. On the drop down menu, click on the desired vSphere version, e.g. 7.0, 8.0.
10. On the top menu, choose "Drivers and Tools."
11. In the Search dialog box, paste in the component version you copied from the VCG footnote to reveal the driver download.

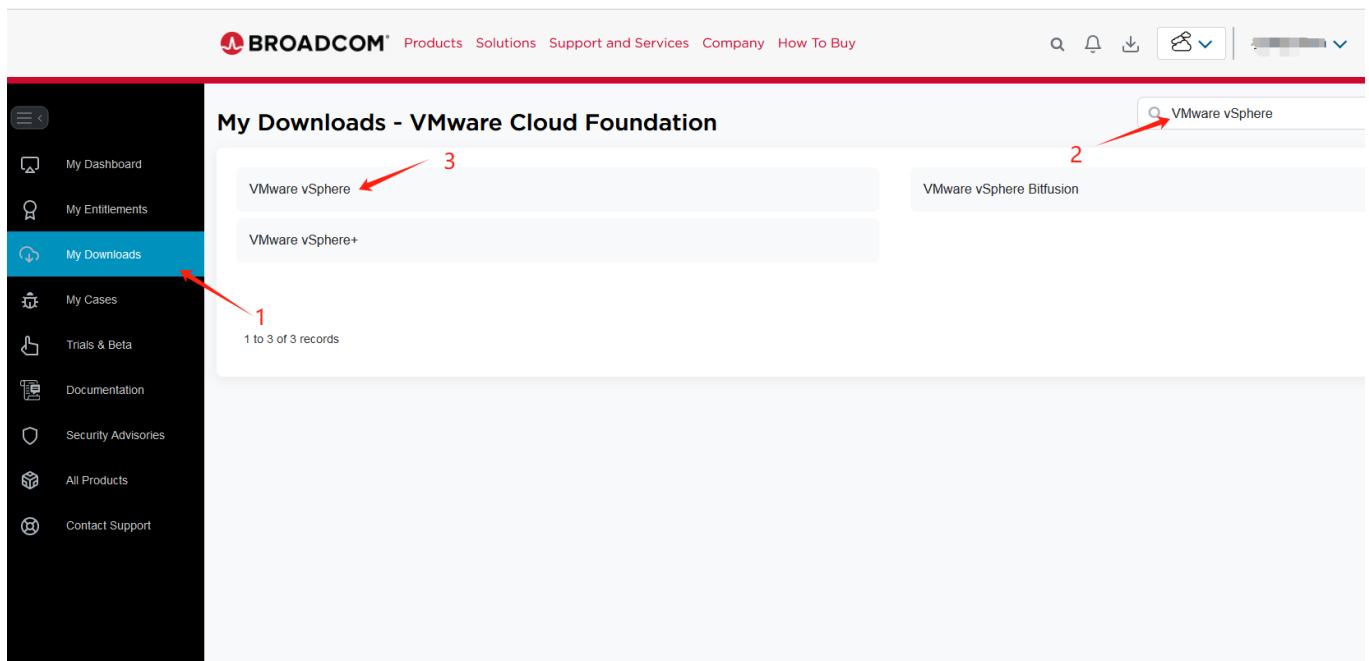

4. 注册或登录Broadcom账户

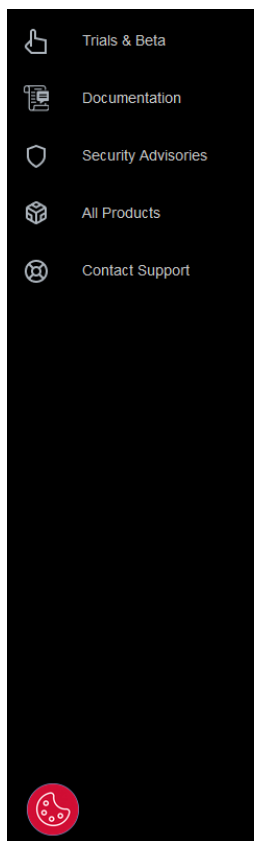

5. 点击 **VMware Cloud Foundation**

6. 点击**My Downloads**, 输入**VMware vSphere**后, 点击**VMware vSphere**

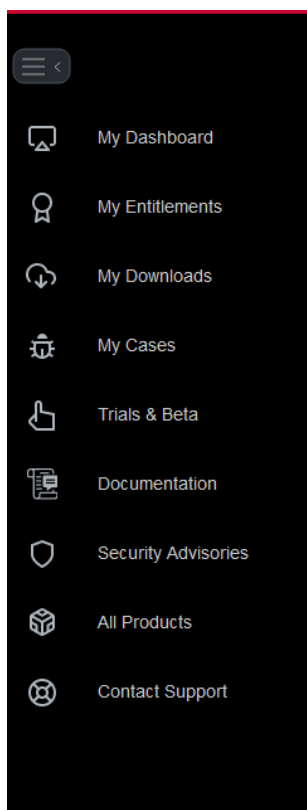

7. 点击**VMware vSphere - Enterprise**后, 点击**7.0**

VMware vSphere - vSphere Scale-Out		
VMware vSphere - vSphere Remote Office Branch Office (ROBO)		
VMware vSphere - vSphere Desktop		
VMware vSphere - Standard
